**THE ROYAL
COLLEGE OF
SURGEONS
OF EDINBURGH**

Supported by:

Trycare

Course Outline

Improved patient awareness and high predictability of dental implant treatment has seen a significant increase in its uptake. Consequently, there is a need for General Dental Practitioners to have a good basic knowledge of dental implantology and skills in this area of Dentistry, which is witnessing a fast-paced change. This course is aimed at beginners to ensure that knowledge is obtained in a safe learning environment and that they are able to apply it in their daily clinical practices.

Aims and Objectives:

- Obtain an overall perspective of dental implantology with an evidence-based approach.
- Gain the necessary surgical and restorative skill set to implement simple treatment plans.
- Understand the challenges involved in the surgical and prosthetic phases of treatment.
- Refer appropriately based on skill levels.

Outcomes:

On completion of the course, participants should be able to:

1. Diagnose and carry out treatment planning for patients requiring dental implant-based treatment.
2. Carry out initial risk assessments and consent patients appropriately.
3. Insert and restore dental implants under supervision in a simulated environment.
4. Identify the complexity of individual cases and place dental implants in simple cases under supervision, as well as refer for additional support and guidance based on treatment needs and their skill set.
5. Describe the challenges presented in the surgical and prosthetic phases of treatment.

This course will provide Enhanced CPD of 36 hours with development outcomes C and D

Course Fees: → Full Course £4,250* (including VAT) → Per Module £1,500* (including VAT)

An accompanying nurse or hygienist can join the second module, free of charge, to enhance team working (1 place for one fee paying candidate). Additional / standalone nurse £125.00. One to one mentoring provided for the first five cases to boost confidence (terms and additional case mentoring fees apply).

Course fee includes tuition, lunch, refreshments and course dinner.

*cancellation fees apply
